

CIS 502 - Algorithms

Fall 2015 Homework 0

Due September 2nd. We will upload the solutions to Canvas on September 3rd.

You can collaborate with anyone with this homework. Please submit **one** copy of the answer between all your collaborators.

However do remember that this course will test your understanding that leads to the solution, and not the knowledge of the solution itself. Please be mindful on relying on others too much. The same holds if you use internet resources to solve this homework.

Problem 1 *Problem 4, page 107–108, of textbook.*

Problem 2 *Problem 9, page 110, of textbook.*

Problem 3 *Problem 11, page 111–112, of textbook.*

Problem 4 *Problem 12, page 112, of textbook.*
